

## Reason why I am interested in this job

- ⇒ Hawkins is leader in the Pressure Cooker market and has diversified successfully into the cookware market. So I will be proud by working in Hawkins.
- ⇒ Hawkins is very good brand that offers high quality products to its customers. I have been personally using Hawkins cookware. So I am very interested to work with an organisation that provides value for money to its customers.
- ⇒ I also see an opportunity to learn and grow my engineering professional skills and contribute towards the growth of organisation.
- ⇒ The company will provide training to us and also pay during the training period which gives a fresher much support.
- ⇒ I had solved different problems on coding platforms and have worked on projects in team that make me suitable for this job role "Management Trainee".
- ⇒ In Hawkins there is more opportunity to grow and expand knowledge with the best facilities.
